OILS & BALMS
We created this range of oils and balms to offer people natural and organic skincare products which blend together the effectiveness of science and nourishment of nature.

We cooperate with leading pharmacological and cosmetologist scientists to prove skin can be cared for with 100% natural ingredients and their active power could produce better result then most synthetic ingredients formulas.

All Naturals Body Balms and Body Oils combine the finest marine and botanical ingredients with technologically advanced formulas, delivering highly visible, highly effective natural results.
Regular use reduces the “orange peel” effect, and visibly shapes thighs, hips, buttocks and abdomen. Our blend of oils, herbal extracts and vitamins moisturise and nourish, whilst the aroma of jasmine, bergamot and grapefruit essential oils, refresh and uplift. All our products come without that greasy feeling.

An intensive high-performance treatment enriched with pure plant extracts and antioxidants to smooth, re-sculpt, redefine and re-model the body shape, target cellulite, accelerate fat loss and tighten skin by stimulating skin microcirculation, strengthening tissue, accelerating the burning of fat and removing toxins and excess fluids.

***Natural occurring in essential oil
A calming skin therapy that targets irritated, red, flakey skin and gently soothes and heals, recovering skin to a softer and supple level of comfort. Particularly those with eczema and psoriasis.

Atopic skin lacks fatty acids and gamma linoleum acid (GLA), this therapy contains natural plant oils with fatty acids, triglycerides, phytosterols and vitamins - easily absorbed, it works fast through the healing process, delivering healthy, moisturised skin.

Baobab, blackcurrent, macadamia, borage oil and gamma linoleum acid (GLA) makes this therapy rich in essential fatty acids whilst bisabolol re-balances the skin by regenerating cell damage. Sea buckthorn, calendula, rosemary, sage extracts and vitamins calm, heal and protect sensitive skin.

A calming skin therapy that targets irritated, red, flakey skin and gently soothes and heals, recovering skin to a softer and supple level of comfort. Particularly those with eczema and psoriasis.

Clinical Study

32 adults, 19-72 with sensitive skin.

anti ageing

AGE BEAUTIFULLY THERAPY
SKIN RESTORING & FIRMING
AS A BODY OIL OR BALM (200ML)

A fast absorbing and supremely nourishing formula specifically for ageing skin to restore regeneration and slow down the aging process by boosting elasticity, appearance, texture, blood circulation and metabolism whilst promoting cell turnover.

Baicalin, Lady’s Thistle Fruit Extract, Lady’s Mantle, Horsetail, Soybean Seed Extract, Wheat, Alfalfa, Radish Seed, Rosemary and Sage encourage cell regeneration. Pomegranate, rosehip, evening primrose and macadamia nut oil produce firm and younger-looking skin. Plus, our highly concentrated blend of natural and organic plant oils, essential fatty acids, nutrients, vitamins A (shown to slow the aging process) & E, antioxidants, active coenzyme Q10, squalene, lactic acid and minerals provide deep moisturisation and nourishment.

CLINICAL STUDY
51 adults, 40-65.
2 daily applications, 56 days.

RESULTS
• Firmness increase: 14.3% average
• Skin roughness reduction: 6.9% average, 25% max.
• Elasticity increase: 7% avg.
“The skin is firmer, more toned, lifted, revitalised and the body contour more defined.”

CLINICAL STUDY
51 adults, 40-65.
2 daily applications, 56 days.

RESULTS
• Firmness increase: 12% average
• Skin roughness reduction: 5% average, 35% max.
• Elasticity increase: 8% avg.
9% increase of fibroblasts duplication
“This is a fast absorbing formula. Skin is firmer, lifted, revitalised and the body contour more defined.”
